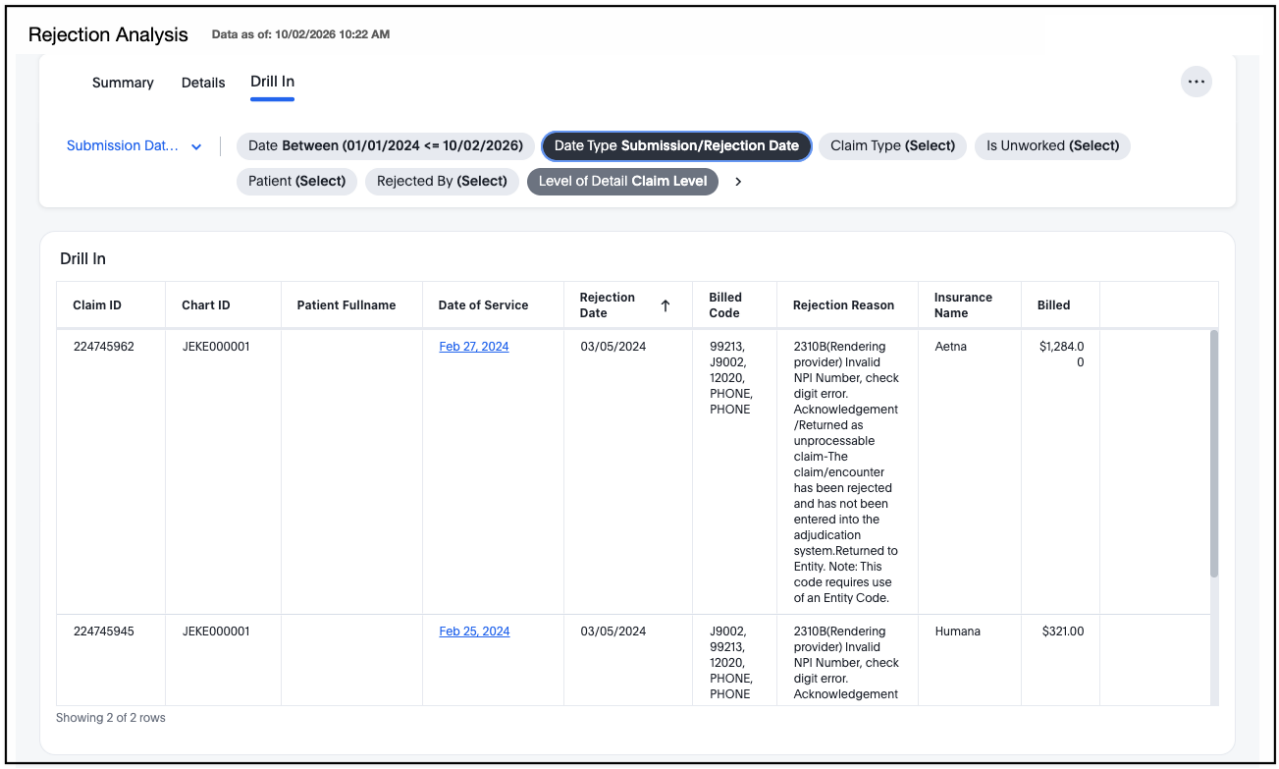
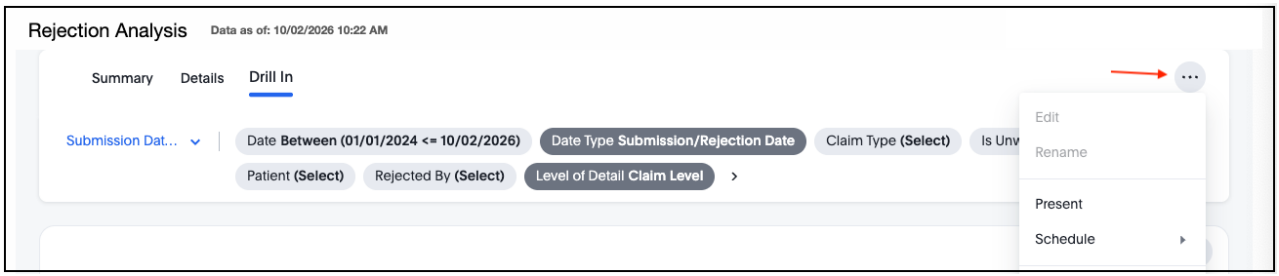
Rejection Report: Drill In tab

Last modified on 11/06/2026 2:16 pm EST

The Drill In tab will show detailed information that meets the set parameters.



Pressing the three horizontal dots at the top right of the screen will expose options to view the information in presentation mode or to schedule the report to run on a preset cadence.



Pressing the three horizontal dots at the top right of the Drill in tile will expose options to show the underlying data, download the report, or display the information in presentation mode.
