

(MIPS) Submitting Your Data

Last modified on 02/03/2026 3:12 pm EST

You can submit your MIPS data yourself or work with a **third-party intermediary**, such as Healthmonix, for all applicable performance categories. The submission window is **January 2 through March 31, 2026**.

Medicare Part B claims quality measures are submitted throughout the performance year.)

How to Submit Data by Performance Category

Promoting Interoperability (choose one)

- [Sign in to the QPP website](#) and attest to the data required for these measures
 - (select yes or no/provide numerator and denominator values).
- [Sign in to the QPP website](#) and upload a file of your Promoting Interoperability data.
- Work with a third party intermediary to submit data on your behalf.

Quality (choose one)

- [Sign in to the QPP website](#) and upload a file of your quality measure data.
- Work with a third party intermediary to submit data on your behalf.
- Report quality measures via Medicare Part B claims throughout the performance year (small practices only).

Improvement Activities (choose one)

- [Sign in to the QPP website](#) and attest to (check “yes”) activities you’ve performed.
- [Sign in to the QPP website](#) and upload a file of your improvement activity data.
- Work with a third party intermediary to submit data on your behalf.

Cost: no data submission required

- CMS will retrieve your cost data from administrative claims (those you submit to CMS

for payment)

- [Cost: Traditional MIPS Requirements](#)
