

How to Update to the Latest Web Browser

07/18/2024 11:16 am EDT

Using the most updated browser version when logging into your DrChrono account is important. DrChrono supports browser versions released within the past 2 years.

Note: Logging into DrChrono with an outdated browser runs the risk of the application not displaying correctly and/or missing data.

Below are steps to update to the latest browser.

- [Google Chrome](#)
 - [Apple Safari](#)
 - [Microsoft Edge](#)
 - [Firefox](#)
-
