The difference with the new statement with Optum is that there is a number on the left side, just above the patient's name and address. This number is an internal Optum ID number and is not useful in any way regarding your practice, your patient, or the amount due.

If you would like to print your statements or have DrChrono send your statements to Optum for printing and

mailing for you, first select the patients you would like to send statements to, then select Print PDF or Mail Statements in the Actions menu.

- If you select **Mail Statement**, Optum will mail your statements for you at the cost of **$0.90** per statement.
- Likewise, you can **print/mail transactions** and produce an itemized statement or a CSV file for each patient that can then be handed to or mailed to the patient.
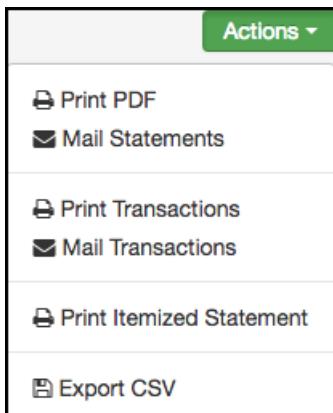

Patient statements can also be automatically sent to your patient's OnPatient account. If you would like to enable that feature, follow the guide found here.

For Apollo Plus plans, please speak to your Billing and/or Account Manager to discuss workflow for patient statements under your plan.
