Adding Supervising Provider to the Patient Superbill

08/23/2024 11:15 am EDT

Including Supervising Provider on the Patient Superbill

DrChrono has added a feature that will allow any clinician with a supervising provider to have both names print on a patient Superbill.

From the Live Claims Feed:

From the Appointment Window:

Patient Receipt

Appointment Date:

Provider Information:

Rendering Provider:
Supervising Provider:
Billing NPI:
Provider EIN:

Place of Service Code:

Patient Information

Patient Name:
Date of Birth:

Patient Address:

If you would like this turned on for your account, please reach out to support or your Account Manager. They can turn this option on for you.
