Practice Chat Notifications

07/08/2024 7:15 pm EDT

Practice chat notifications are a great tool you can set up for your practice to stay on top of internal communications.

To get started, we need to turn on the setting for notifications.

Go to Account > Provider Settings and select the General tab.

Account	Marketplace			
ACCOUNT SETTINGS				
User Settin	ngs			
Provider Settings				
onpatient Settings				
Account Setup				
Custom Fields				

Scroll down to the **Communications** section and check the box for **Allow practice chat notifications when receiving messages**. Click **Update Entire Profile** when to save.

Communications	
Use Organization Name On Reminders and Onpatient Invites	
Recorded Provider Name	▶ 0:00 / 0:00 • •
Use official name on fax cover sheets	
Include notice of confidentiality on faxes and patient emails	
Notice to include	The information contained in this transmission is confidential. This transmission and the information contained in or attached as a file to it is intended for the exclusive use of the addressee(s). If you are not the addressee (or one of the addressees), you are not an intended recipient; if you are not an intended recipient, you
Enable sending non-free referral faxes	
Include Patient Problems in referrals by default	
Practice Chat Notification	Allow practice chat notifications when receiving messages
Remove "Powered by drchrono" from Footer of Clinical Notes and Patient Statements	
Allow patients to confirm or cancel appointments from appointment reminder emails	
Direct Messaging	+ Set up your Direct Address
	Update Entire Profile

Now when you receive a practice chat message, you will see a notification in the top right of your screen.

- Click the Read message to be taken to the chat window to read the message.
- Click X to close the notification.

The notification will disappear automatically after a few seconds.
