Documentation Type Requirement for Alaska Medicaid

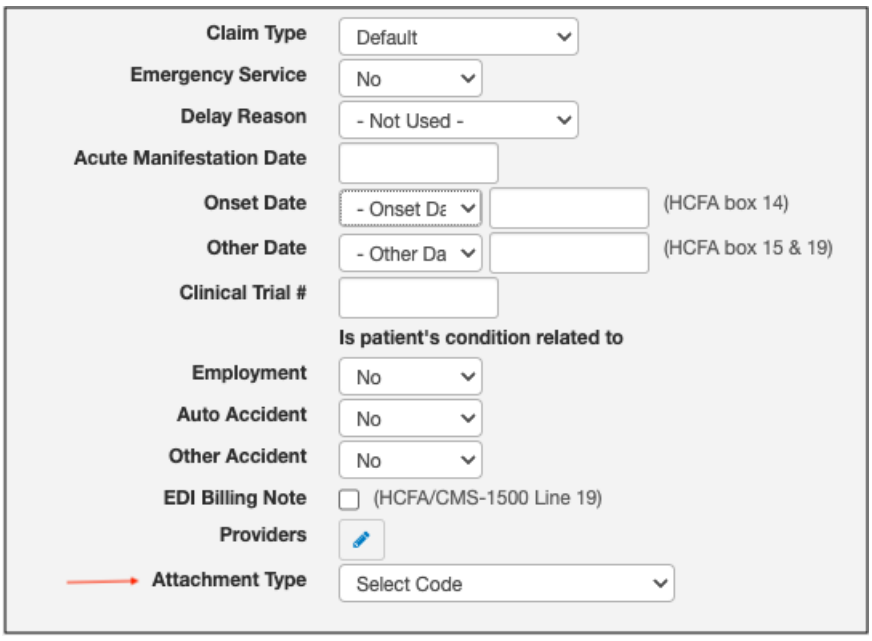

Last modified on 09/28/2026 11:59 am EDT

If you are billing claims to Alaska Medicaid on the HCFA-1500 form and including documentation, the type of documentation attached must be listed in Box 9B on the HCFA form. You can add this information easily from the Live Claims Feed. If you need to be set up for this feature, please reach out to support and ask that it be turned on for your account.

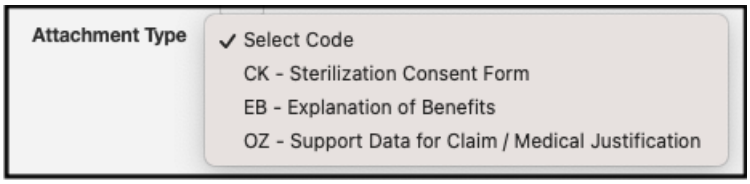

1. Navigate to **Billing > Live Claims Feed**
2. Select the patient by name, payer ID, DrChrono Claim ID, or date of service.

3. On the right-hand side of the screen, you will find an option titled **Attachment Type**.

4. From the drop-down, you will have the following options:
    a. The options listed match the requirements of Alaska Medicaid.

9b.	Reserved for NUCC Use	C	Required for ambulance providers Complete if there are attachments to the claim. Enter the code that corresponds to the type of documentation attached: **Code** / **Type of Documentation** CK / Sterilization Consent Form EB / Explanation of Benefits OZ / Support Data for Claim / Medical Justification

5. Once an attachment type is selected and Verify and Save is selected, the associated code will appear in box 9A on the HCFA 1500 form.
