

New modifiers FQ and FR

07/08/2024 7:24 pm EDT

CMS has added 2 new modifiers related to telehealth mental health services. They include:

- **FQ** - telehealth service utilizing real-time audio-only communication
- **FR** - The supervising provider was present in a real-time two-way, audio and video communication technology

Additional information regarding the new modifiers can be found on the CMS website, including [MLN Matters Newsletter MM12549](#).
