# How does a patient activate their OnPatient account?

07/08/2024 7:27 pm EDT

The provider's office sends an invitation to the email address provided by the patient. The invitation will expire **7 days** after being sent.

1. Click on the **Sign Up Now** button to begin.

2. Enter the following information:
   - First name
   - Last name
   - Email (must be the same email address used for the invitation)
   - Create a password

When finished, select **Sign Up**.

3. Next, validate the account with:

Social security number if given to the office.

--OR--

Date of birth **AND** phone number.

Select **Confirm and Connect**.

4. Once you have connected, the patient will be taken to the appointments page.
