

Checking In to an Appointment

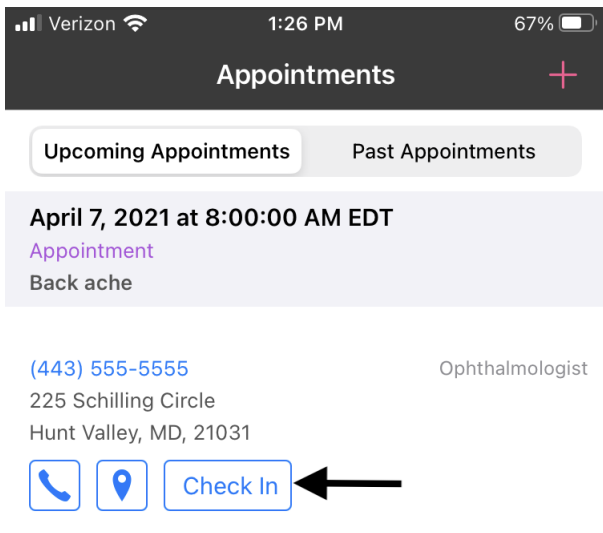

07/08/2024 7:28 pm EDT

Patients can check in for their appointments through the OnPatient app and complete their onboarding before they arrive at the office or start a video visit.

1. To begin, navigate to the **Appointments** menu.

2. Under **Upcoming Appointments** tap **Check-In**.

3. Patients can edit any individual section by selecting the pencil (

) icon. Tapping **Edit All** will take section by section to enter or edit information.

4. The check-in process will take the patient through several screens to enter information. Selecting **Next** will take you to the next section. Fields marked with an (*) are required. At any time they can select the home (

) icon to return to the main screen above. For more information on setting up OnPatient forms for check-in, see our article [here](#).

5. The following areas may vary depending on how they are customized by the practice.

Note: Information entered into the **Custom Demographics** section can be found in the patient's chart. Information entered under **Additional Information** or **Reasons for Visit** can be found in the clinical note under the OnPatient/Check-In tab.

6. If there are any changes to Allergies, Medications, or Conditions, patients can select **Yes** and note their changes. If there are no changes, patients can select **Next**.

Note: Changes noted by patients **will not automatically update** this information in their chart. An update based on the new information will need to be entered into the chart by a provider or staff member.

7. Any primary or secondary insurance information, can be entered. If the insured person is different from the patient, select **No** under **Is insured the same as the patient?** and enter the subscriber's information.
