Ordering DME

Ordering DME in DrChrono is a similar process to sending a prescription.

1. Navigate to the patient's chart to the **Send eRx** page. Select **Supply**.

2. In the medication box, you can search for DME.

3. Fill out the rest of the fields. Additionally, you can add this item to your favorites or medication list.

5. You can then print, fax, or send the order electronically.

Unable to locate the DME in the Supply menu

In the event you are unable to find the desired DME in the Supply menu, you can create an order using the compound medication menu to print out or fax.

1. Select **Compound** on the prescription page. You can free-type the order in the medication text field. Additionally, you can add this prescription to your favorites list for future use.
