

Form Builder Overview

07/08/2024 7:30 pm EDT

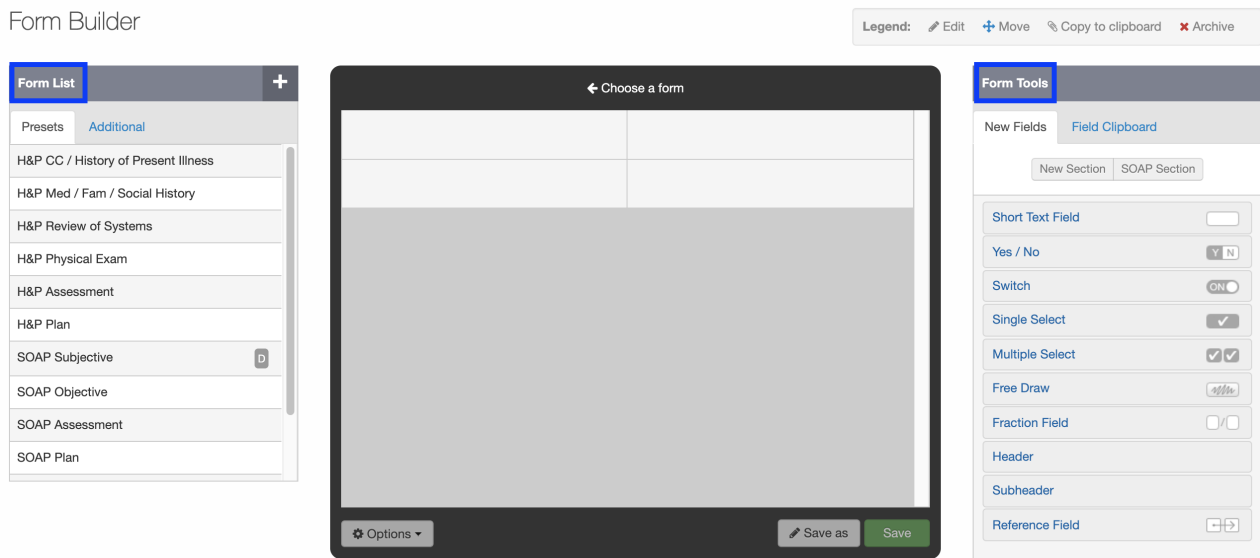

DrChrono's Form Builder allows you to create and customize your clinical templates, allowing you to focus on patient care with forms that are specific to your practice.

1. To get to the Form Builder, go to **Clinical > Form Builder**.

2. The Form Builder consists of 3 main parts: Form List on the right, Form Tools on the left, and the building screen in the middle.

Form Builder

3. The Form List consists of **Preset** forms which are H&P, SOAP, and OnPatient forms that you can use and/or customize; the **Additional** tab is where any forms you have created or selected from the Form Library; the () is used to start a form.

Form List +

Presets **Additional**

- H&P CC / History of Present Illness
- H&P Med / Fam / Social History
- H&P Review of Systems
- H&P Physical Exam
- H&P Assessment
- H&P Plan
- SOAP Subjective D
- SOAP Objective
- SOAP Assessment
- SOAP Plan
- onpatient Additional Info
- onpatient Reasons For Visit

4. The middle section of the Form Builder is where all of the building, editing, and customizing of templates takes place. To edit a form, simply select it from the **Presets** or **Additional** tabs. The **Options** menu allows you to apply certain settings to the selected form. For more on the **Options** menu, click [here](#).
