

# How do I remove items on my patient's appointment detail view?

07/08/2024 7:32 pm EDT

In the iPad EHR app, all your appointment information is viewable in the Appointment Detail View pane underneath your patient's basic information. To customize this area, you can rearrange or add/remove fields.

The screenshot shows the iPad EHR app interface. At the top, there's a status bar with the time 2:02 PM, date Thu Jul 22, and battery level at 56%. Below the status bar is a navigation bar with 'Filters', 'Today', a refresh icon, a search icon, and a plus icon. A search bar labeled 'Search Appointment' is below the navigation bar. A list of appointments for '07/22/2021 Thu (4)' is shown on the left, with 'Michelle Harris' selected. The detailed view for Michelle Harris (Female | 21 | 10/14/1999) is shown on the right. It includes a 'Start Visit' button and links for 'Appointment Options', 'Super Bill', and 'Vitals'. The 'Appointment Details' section shows the appointment on 07/22 at 09:40AM for 30 minutes, with 'None Selected' for the profile and status. The 'Billing Details' section shows 'Cash' for the payment profile and 'None Selected' for the billing status. The 'Patient Flags' section shows 'No Flags'. The 'CDS Matches (1)' section shows '1. Adult Immunization Schedule Age: 19-21'. The 'Vitals' section shows 'Temperature', 'Pulse', 'Blood Pressure', and 'Respiratory Rate'. The bottom navigation bar includes 'Dashboard', 'EHR', 'Messages', 'Tasks' (with 43 items), and 'Account' (with 3 items).

To remove fields in the Appointment Detail View pane, access the **Account** section in your navigation bar, select the settings tab, and tap **Appointment Detail View Settings**.

Here, you can toggle switches based on which fields you would like to remove. A green switch (

) indicates that the field will appear in the Appointment Detail View pane and a grey switch (

) indicates a hidden field. Tap the switch of the detail you would like to remove.
