

Using Multi-Finger Touch for Faster Navigation on the iPad

07/08/2024 7:32 pm EDT

Cycle Through the Navigation Bar with Three Finger Swipe

In the [EHR app](#), you may rapidly switch between different navigation bar items (Dashboard, EHR, Messages, Tasks, Account) using a three-finger swipe. To execute the three-finger swipe, log in to the app and place three fingers on any page. Horizontally swipe left or right to cycle to the navigation bar item to the left or right of the active item on the navigation bar.

Swipe right with three fingers. The app will cycle to the next item on the navigation bar.
