## How do I order a lab on my iPad?

07/08/2024 7:33 pm EDT

In the DrChrono EHR app, you can order lab tests just as you would with the browser EHR.

To begin, navigate to a patient's chart and tap on their name. From the dropdown menu, select **Labs**.

Status	Docs	Tests	Date Modified	

A form will appear that allows you to fill out the details of your lab order. Here you will need to enter who to bill, the specimen collection date, any ICD-10 codes, notes, your office, and the lab to send to. On the requisition form,

the ordering provider will reflect the provider who is logged in. You can also select from your favorites.
