

# Productivity Reports

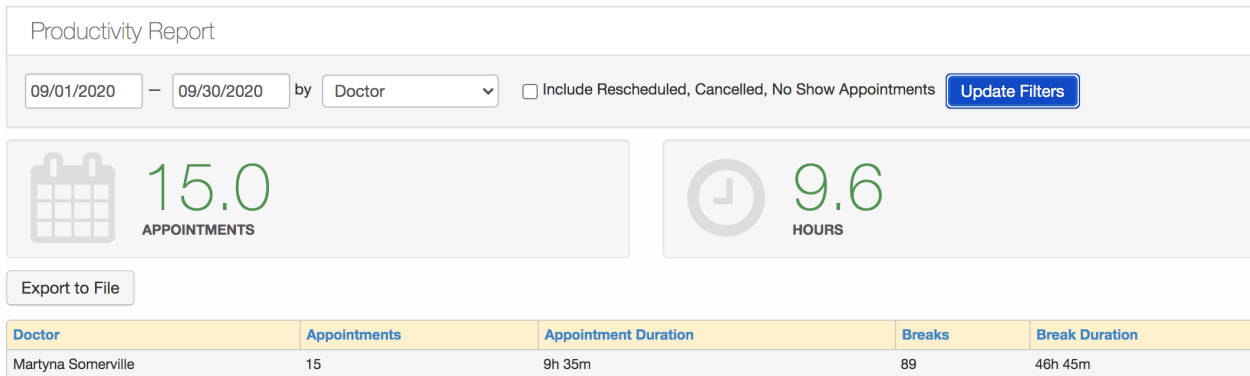

Last modified on 04/30/2026 5:01 pm EDT

Keeping your practice efficient is our goal at DrChrono, which is why we provide a productivity report that is easy to view and export.

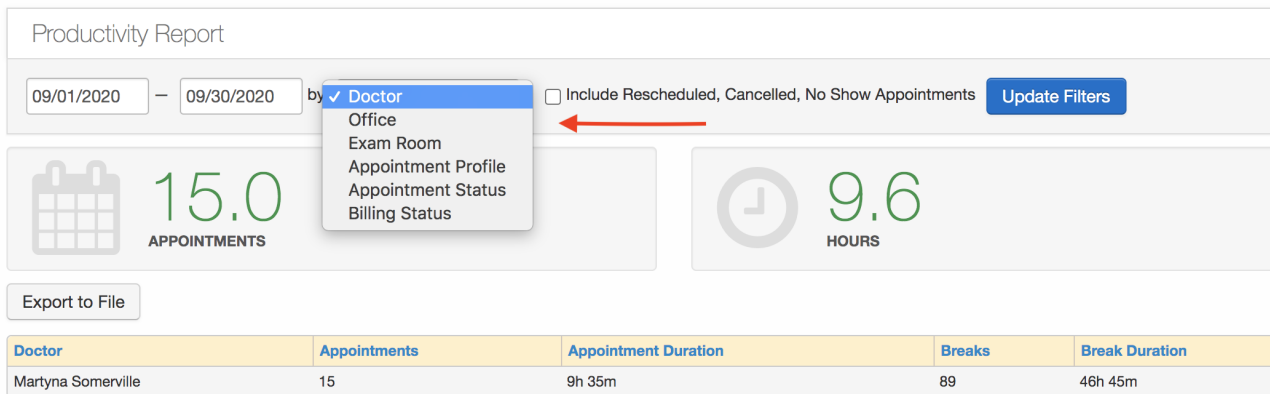

1. To view your productivity report go to **Reports > Productivity Report**.

2. The report shows by doctor how many appointments you had and the amount of time it took to complete the scheduled appointments.

3. You can search with additional filters

4. To export this file to .csv format click on the **Export to File** button.

## Productivity Report
