

How do I find the payer ID number?

Last modified on 12/18/2024 12:45 pm EST

DrChrono offers an efficient way to do all of your medical billing. A necessary step in submitting your electronic claims is having the Payer ID. A Payer ID is a unique ID number that is assigned to an insurance company to transmit your claims electronically.

Each payer has a specific number, (which can vary by clearinghouse) and it must be entered correctly in the patient's chart to successfully transmit the claim to the clearinghouse and onto the payer.

There are 2 ways of finding the Payer ID, one you do manually, and the other will automatically populate when you enter it into the patient file. You can also locate the payer ID on the patient's insurance card. It could be listed on the front or back of the card.

To go to the Payer Search page press [here](#), or follow the steps below to learn how to find the Payer ID.

To find the Payer ID Manually

1. Hover over **Billing** and select **Payer Search**.
2. For billing accounts, the clearinghouse you are set up with will be listed on the left. However, if you submit to Carisk Partners (fka iHCFA) too, for example, you can choose that from the payer list from the dropdown if needed.
3. Type the name of the insurance company into the given field and select **Search**.

Electronic Medical Insurance Payer Search

ePS Professional ▾ Search Term Search

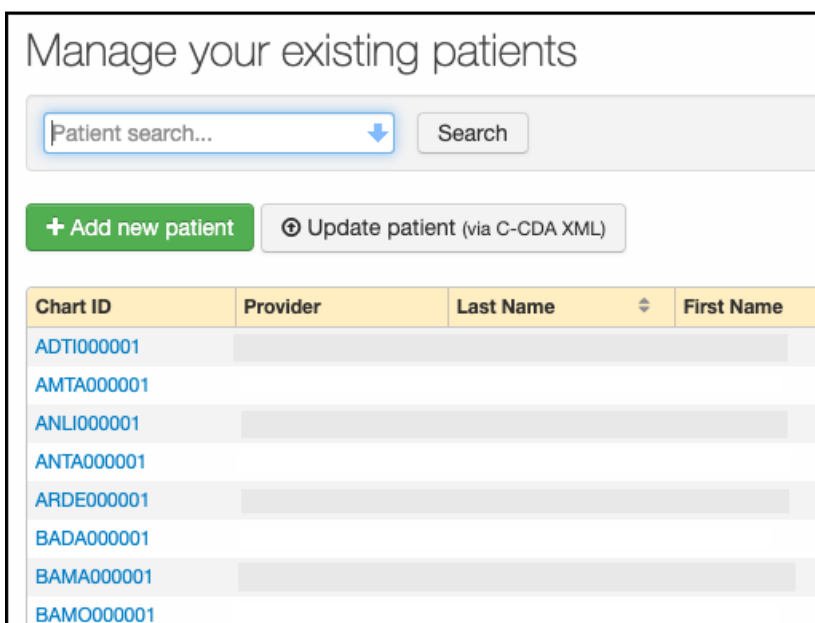

4. You will then see the Payer ID to the left of the insurance name below the search field.
 - a. Gateway - TriZetto Provider Solution
 - b. iHCFA - now known as Carisk Partners
 - c. ePS Professional - eProvider Solutions for Professional Claims
 - d. ePS Institutional - eProvider Solutions for Institutional Claims

To find the Payer ID Automatically

1. Navigate to **Patients > Patient List** or enter a patient's name or chart ID in the **Search** field in the top right of the screen.

2. Choose the patient with whom you would like to work with or you can enter the patient's name or chart ID in the **Patient Search** field.

3. Select the **Demographics** option from the side menu, and then select the **Insurances** tab.
4. Start typing the insurance company's name or payer ID into the **Insurance Company** field, and you will see a drop-down of all the payers that match what you are typing.

Important	Demographics	Insurances	Authorizations	Smoking Status	Flags
Primary Ins	Secondary Ins	Tertiary Ins	Primary Hospital	Secondary Hospital	Auto Accident
Default Primary Insurance Save to Insurance History Manage Alternative Insurances & History					
Subscriber is the Patient	<input checked="" type="checkbox"/>	Insured person is the same person as the Patient			
Insurance Company	<input type="text" value="60054"/>	*contact support if you can't find an insurance company.			
Carrier Payer ID	60054: Aetna PO Box 981106, El Paso, TX 79998-1106				
Alternate Eligibility Payer	<input type="text"/>	*It's required when the insurance company set for claim submission is d			
TPL Code	<input type="text"/>	*If the Medicaid is Secondary			
Insurance ID Number	<input type="text"/>				

5. Select the payer you are looking for and select **Save Demographics** at the bottom of the page to save your selection.
