

Can I Share ERAs with my Previous Biller?

07/08/2024 7:40 pm EDT

Yes, all of the ERAs transmitted to our system are tracked under the Remittance Report section; you can download them and share them with your previous biller if needed.

1. Hover over **Billing** and select **Remittance Reports**.

2. Select the ERA you would like to share and click on the blue **ERA Check/Trace number**.

3. Next, click on the down arrow next to Action and select **Export to File**. The system will compile the data into an MS Excel spreadsheet and place it in your message center. You can then share it with your previous biller.
