

eProvider Solutions- How do I submit an enrollment request?

09/11/2024 10:13 am EDT

Submitting enrollment requests through the EPS integrated portal is fast, easy, and efficient. Here is how you can request enrollments, and take care of any necessary paperwork all without leaving your DrChrono account.

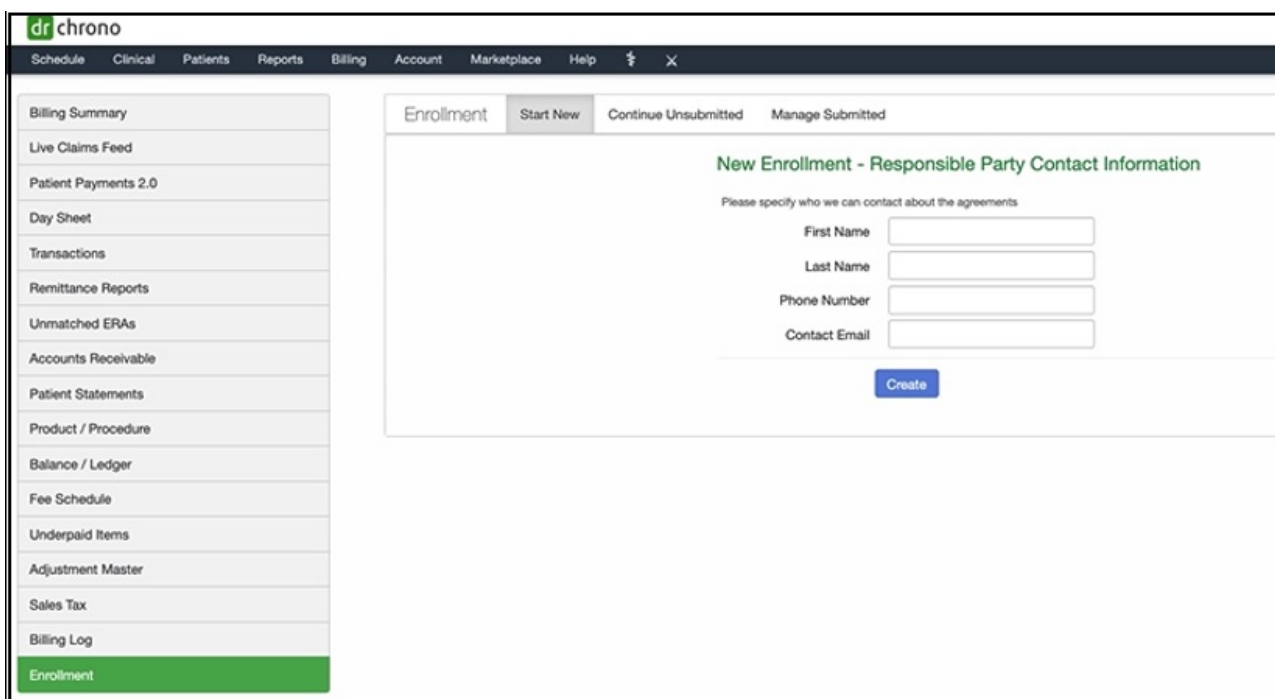

Before beginning your enrollment requests, ensure that the billing information under Account > Provider Settings and Account > Offices is correct. The portal will pull information from those areas to complete the request.

To begin -

1. Navigate to **Billing > Enrollment**

- a. The first screen will ask you to enter contact information for a responsible party in your office. This does not necessarily need to be the person authorized to sign the forms, but rather someone responsible for gathering any signatures or additional information and seeing that the enrollments are complete.

2. Once the information is filled in, click on **Create**.

The screenshot displays the DrChrono web interface. On the left is a navigation menu with items like 'Billing Summary', 'Live Claims Feed', and 'Enrollment' (highlighted in green). The main content area shows the 'Enrollment' section with tabs for 'Start New', 'Continue Unsubmitted', and 'Manage Submitted'. The 'Start New' tab is active, leading to a form titled 'New Enrollment - Responsible Party Contact Information'. The form includes a sub-header 'Please specify who we can contact about the agreements' and four input fields: 'First Name', 'Last Name', 'Phone Number', and 'Contact Email'. A blue 'Create' button is positioned below the fields.

3. The next screen will ask you which NPI you are submitting the request under. Click on the box to the left of the NPI to select. The system will pull demographic information associated with the NPI for verification. Once selected and the information verified, click on **Continue**.

- The next screen contains 3 separate tabs:
 - **Start New** - Use this tab to submit an initial enrollment request
 - **Continue Unsubmitted** - Here is where you can continue to work on a request that has not been submitted
 - **Managed Submitted** - Here is where you can see the status of any submitted enrollment request, check the status, and receive/sign/upload any required paperwork.

Review and Submit

Please review the following information regarding the requested enrollments. If everything looks correct, press the Submit button to submit the enrollment requests.

NPI	Payer	Payer ID	Payer Type	Transaction Type	Provider ID	Taxonomy Code
9876543210	Aetna	60054	Commercial Insurance	eligibility		207R00000X
9876543210	Aetna	60054	Commercial Insurance	remittance		207R00000X
9876543210	Aetna	60054	Commercial Insurance	professional		207R00000X

That's it! As the request processes, you may see a status bar on the screen. Once complete, it will show you which requests are automatically approved and which may need additional information.
