

Good Faith Estimate: Creating a new estimate

Last modified on 01/16/2026 3:02 pm EST

Here is how you can create a Good Faith Estimate for your patient.

1. Navigate to a patient's chart by navigating to **Patients > Patient List** or by selecting their name or chart id in the top right of the screen.
2. On the left menu, select Patient Cost Estimator
3. Select **+ New Estimate** on the right
