

High Priority Practices Guide of the Safety Assurances Factors for EHR Resilience (SAFER) Guides

07/08/2024 7:42 pm EDT

You can attest to the completion of the SAFER self-assessment measure in your Healthmonix MIPSpro account.

Description

Conduct an annual assessment of the High Priority Practices Guide SAFER Guides beginning with the 2023 performance period.

Reporting Requirements

To meet this measure, MIPS-eligible clinicians must attest YES or NO to conducting an annual self-assessment of the High Priority Practices Guide of the SAFER Guides (<https://www.healthit.gov/topic/safety/safer-guides>) for the 2023 performance period.

In your Healthmonix MIPSpro account, you can attest to the measure. Click **Save** when finished.
