

Denial Analysis Updates: Graph tab

Last modified on 08/08/2025 3:53 pm EDT

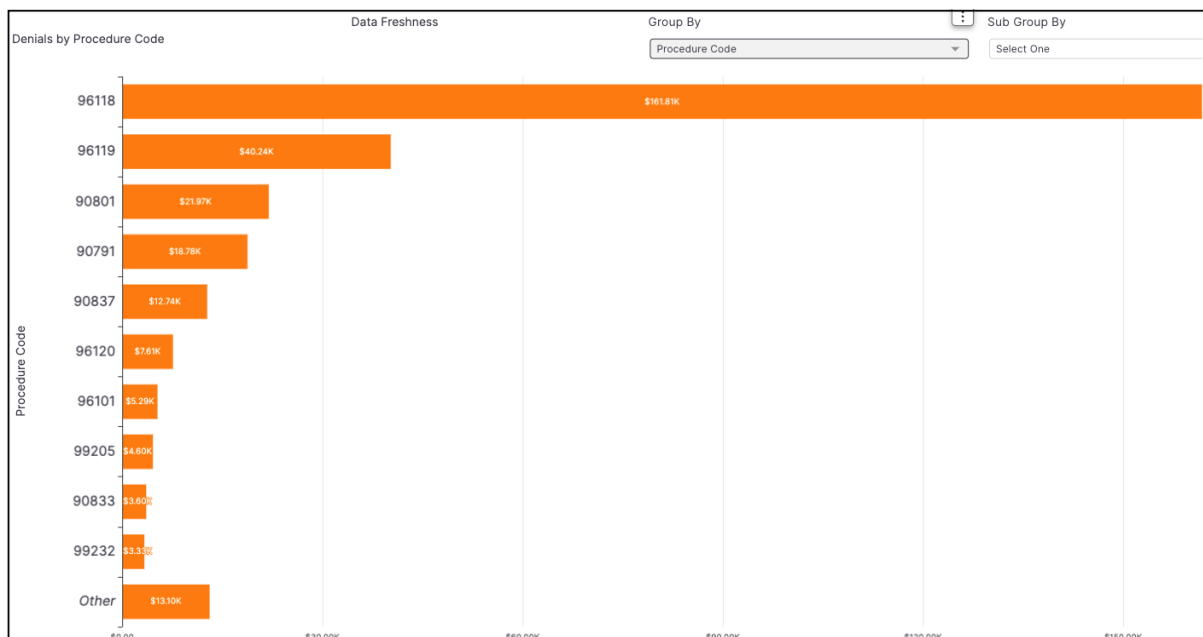

The forth tab listed under the Denial Analysis report is the Graph tab. Here, you can see details for the parameters you set in a graph form.

You have the option to group the information with a primary (group by) and a secondary (sub-group by) reason. Options include Procedure Code, Insurance, and Reason Code.

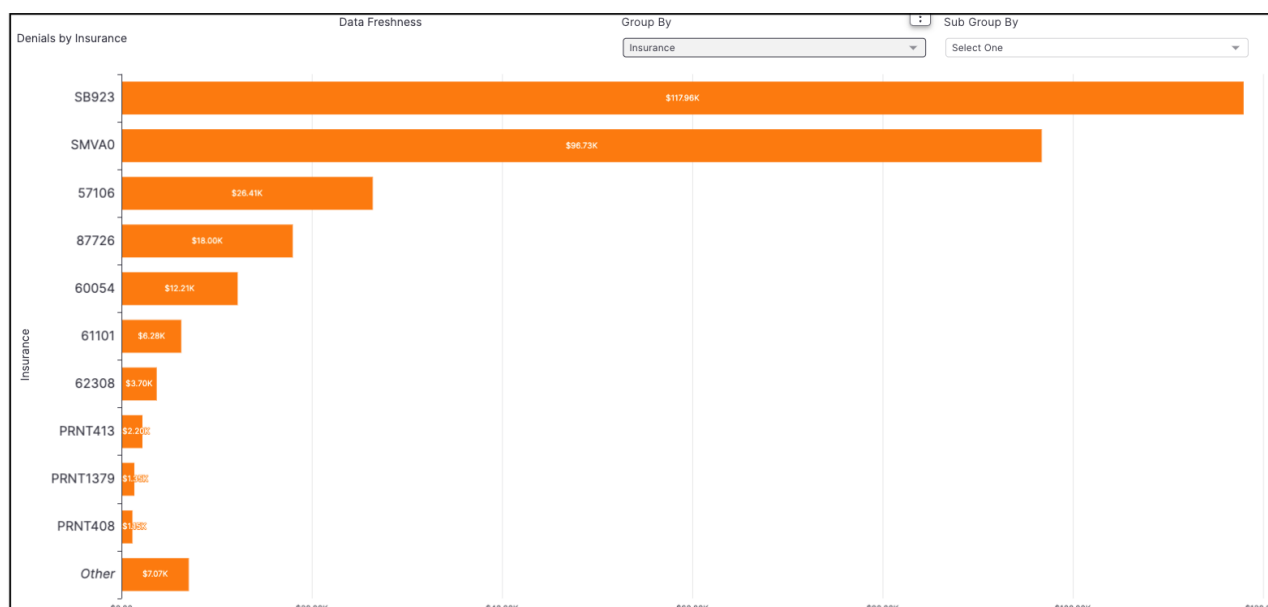

Grouped by Procedure Code

The CPT/HCPCS code is listed on the left side. The denied amount is listed in dollars on the orange bar graph and displayed as the highest dollar on top.

Grouped by Insurance

The Insurance Payer ID is listed on the left side. The denied amount is listed in dollars on the orange bar graph and displayed as the highest dollar on top.

Grouped by Reason Code

The denial reason code is listed on the left side. The denied amount is listed in dollars on the orange bar graph and displayed as the highest dollar on top. If you hover over any bar on the graph, it will give you additional

information.
