

Coronavirus Disease 2019: Ordering Labs in DrChrono

07/08/2024 7:46 pm EDT

Coronavirus Disease 2019 or COVID-19 is the name for the respiratory syndrome caused by infection with severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2). Due to the national health crisis, Quest and Labcorp offer COVID-19 testing to confirm a clinical diagnosis.

The initial steps in getting to the order screen in a patient chart are the same and can be referred to in this knowledge base article [How to Order Labs in DrChrono](#)

Once you've chosen the preferred lab in the dropdown you will be at the following screen:

Billing information

Bill to * Patient Doctor Insurance **▲ BILLING WARNING: Missing Patient Address**

ICD-10 codes * Select ICD-10 codes

Order-wide information

Appointment 8/20/2019 10:00AM

Notes to lab

Reminder Time 12h 24h 3d 7d 2w Other (hours) If results are not received within this time period, we'll send you a reminder to follow up with the patient

Send to Central Order Repository?

Collection date/time * 06/17/2024 02:54 PM

Tests
