

Patient Flags Enhancement to Display in Patient Chart Header and Clinical Notes Header

07/08/2024 7:47 pm EDT

DrChrono has updated the charting experience by providing the ability to view patient flags in all sections of the patient chart. Patient flags will appear in the patient header and clinical note header.

Note: Depending on the plan type, you can expect to see the new headers starting February 2024 up until March 2024 when it will be enabled for all DrChrono users.

As the new react headers are gradually rolled out to users, please do not hesitate to provide any feedback on the corresponding Canny boards listed below:

- [Clinical Note Header Board](#)
- [Patient Header Board](#)

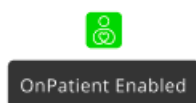

Patient Chart Header Old Version

The screenshot shows the old patient chart header for a patient named "Test Patient" (sex | 44 years old | Aug. 8, 1979). The interface includes a sidebar with navigation options like "Demographics", "Appointments", and "Documents". The main header area displays patient information such as "Phone: Missing", "Email: Test@test.test", and "Address: Test". It also shows "CDS" (Clinical Decision Support) alerts: "Patient must have documented allergies" and "Adult Immunization Schedule Age: 27-49". At the bottom, there are buttons for "New Referral", "Fax Demographics", "Print Demographics", "Apple Health App Data", "Vitals", and "Schedule New Appointment". A red arrow points to a "BILLING WARNING: Missing Patient Sex" and a "Peanut Allergy" flag.

Patient Chart Header New Version

The screenshot shows the new patient chart header for a patient named "Chrissy Bright" (Missing Gender | 34 years old | Sept. 10, 1990). The interface features a patient profile picture and a green "onPatient Enabled" icon. The header displays patient information such as "Chart ID: BRCH0000001", "Phone: Missing", "Email: example@mail.com", and "Address: 1234 56th Street, Seattle, WA 12345". It also shows "Primary Provider: Alice Bruce, MD", "Date Added: Nov. 15, 2019", "Last Scheduled Appt: Wed, Feb 23, 2022", and "Next Scheduled Appt: Wed, Jun 23, 2022". There are buttons for "New Appointment", "New Referral", and "Apple Health App Data". Below the header, there are "CDS" alerts and a "Flags" section displaying various patient flags with colored icons.

Note: When the user hovers over the green onpatient icon, they will see the tooltip "onPatient Enabled".
