- Provider
- Office
- Exam Room
- Insurance
- Procedure Code
- Include Moved Cash
 - Select **Yes** if you want to view revenue listed for a certain period (could include payments that were originally posted on one day and then moved to a different posted date)
 - Select **No** if you want to view revenue by the original posted date, perhaps to verify against bank deposits

The screenshot shows the 'Controls' section of the interface. It contains several input fields and dropdown menus:

- Start Date:

Once you have set your parameters, the report will populate. You can use the up/down arrow on the right side to sort the information in numerous ways.

You can also export the report to CSV or Excel by clicking the 3 vertical dots. The report will be generated and available in your message center.
