

How do I delete/remove a provider from my account?

07/08/2024 7:52 pm EDT

In order to remove a provider from your account, you will need to work with your account manager to complete this process.

Please reach out to your account manager or submit a [support ticket](#) to remove the provider. If you do not remember your account manager's contact information you can email accountmanager@drchrono.com.
