

HCFA 1500 Boxes 14 & 15: Initial Visit and Onset Dates

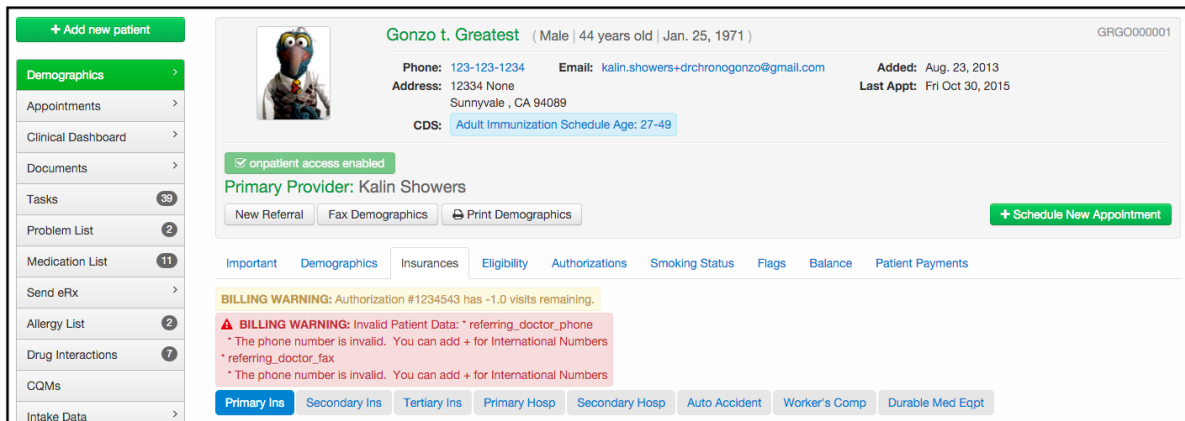

09/17/2024 2:46 pm EDT

DrChrono allows you to set an initial visit date for your patient so that you can have this automatically populate on your HCFA-1500 forms. To set the initial visit date please follow these instructions:

1. Navigate to the patient's chart

2. Go to the **Insurance** tab in the Demographics section and then navigate to the **Primary Insurance** section

3. Under the HCFA Options section there is a field to fill out the initial visit date

HCFA Options

Default Onset Date HCFA Box #14

Default Initial Visit Date HCFA Box #15

Prepopulate Last Related Visit HCFA Box #19

4. Enter the information and save!
