

# How can I add and view family history on the iPhone?

07/08/2024 7:53 pm EDT

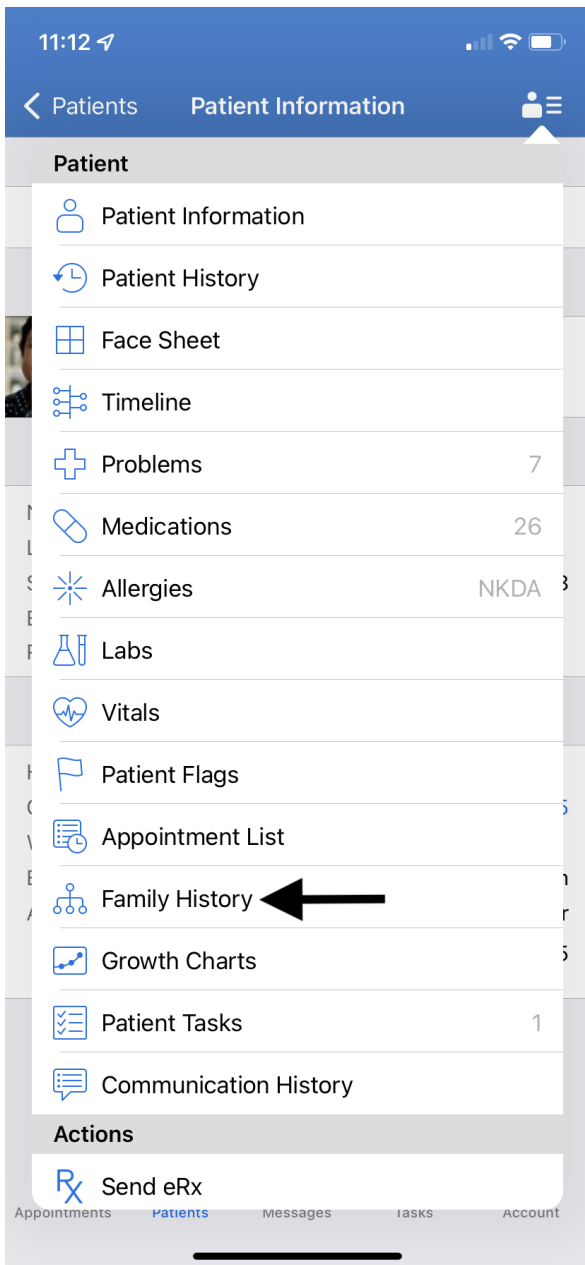

Family History can be viewed and added under the **Family History** tab. This corresponds directly to the Family History section in the patient's chart on the web.

1. To reach the Family History tap on the patient menu (

) in the patient appointment window or by searching for the patient. Tap **Family History**.

2. Select **Add Family Member**.
