

How do I hide breaks from my appointment list on the iPhone?

07/08/2024 7:53 pm EDT

In the EHR app, breaks will be displayed alongside your appointments. If you would not like to see breaks listed here, you may remove those breaks from sight using your filters.

1. To remove breaks, tap on the **Filters** option in the upper left-hand corner of the appointments list.

2. In the filters page, swipe over and select the **Date Range & More** tab.

Close Clear Reset to Previous **Date Range & More**
