

How to run a report by payer and their denial codes?

09/09/2024 3:05 pm EDT

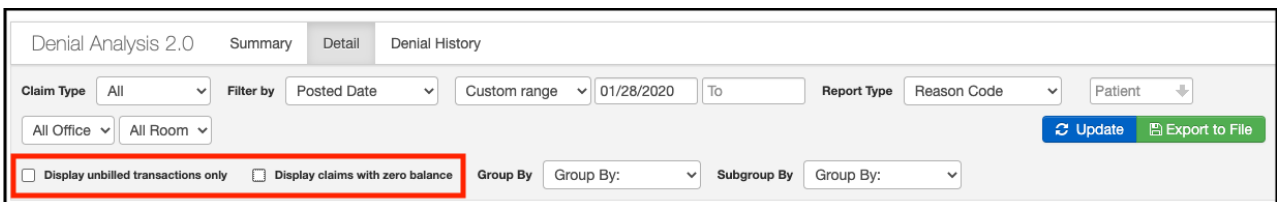

While you are working on your claims, you may want to run a report per payer to see what type of denials you are receiving. DrChrono makes finding this information simple and easy to do.

1. Hover over **Billing** and select **Denial Analysis**
2. Select the **Detail** tab.

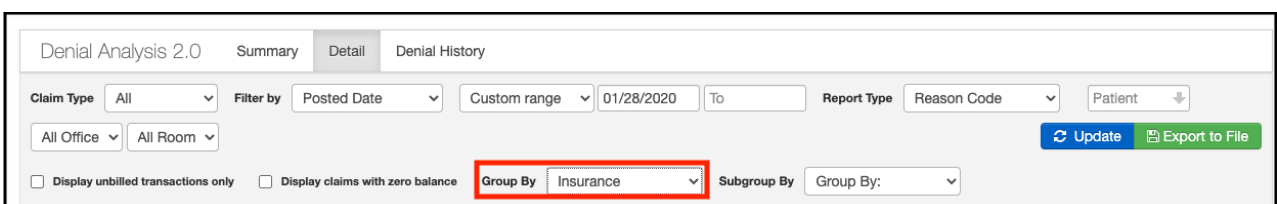

The screenshot shows the 'Denial Analysis 2.0' interface with the 'Detail' tab selected. The 'Filter by' dropdown is set to 'Posted Date' with a custom range of '01/28/2020'. The 'Report Type' is 'Reason Code' and the 'Patient' dropdown is set to 'Patient'. The 'Display unbilled transactions only' and 'Display claims with zero balance' checkboxes are checked. The 'Group By' and 'Subgroup By' dropdowns are set to 'Group By'.

3. Uncheck the **Display unbilled transactions only** box and the **Display claims with zero balance** and click on **Update**.

Your information will populate and list each line by reason/denial code. You can click on any of the blue dollar amounts to see the actual claims that make up that denial. It will also allow you to go into the individual appointment so you can take a closer look.

- Click on the total amount corresponding to the insurance and the denial code to see all claims that received that denial code. If you prefer, you can click on the blue dollar amounts under each aging bucket (0-30 days; 31-60 days; 61-90 days; 91-120; 121+) to drill down to the claim level:
