When hovering between two rows, an "add row" indicator appears. 4. When dragging a field, indicators of drag targets are shown.	
Form Builder Beta Changes		Form Builder - beta (New Version)

Practice Management

Summary	Description	Knowledge Base Article
Telehealth Appointment confirmation email.	"Doctor" has been changed to "Provider" on the Telehealth appointment confirmation email.	

Resolutions

Summary	Description
Reordering of ERAs	We have made an update to the ordering of your ERAs within the Remittance Reports section. Going forward, any ERA that needs to be manually verified prior to posting to your patient accounts will appear at the top of the list. This reorder will help you quickly and efficiently identify those that need verification.
Unreconciled items notification update	If a patient does not have any items that need to be reconciled, then the notification will no longer appear stating that the patient has unreconciled problems, medications, or allergies.
