With Stripe through DrChrono Payments, you will receive your payout typically 2-days from the day the card was charged. To receive funds within the 2 days, the credit card transaction must be processed by 8 pm EST. Any cards processed after the 8 pm EST daily cutoff, will be included in the following day's batch.

Payments processed on Friday and Saturday will be deposited on Monday. Payments processed on Sunday will be deposited on Tuesday.

Federal holidays will delay deposits by 1 business day.
