

# Billing Profiles and Fee Schedules

Last modified on 11/18/2024 3:39 pm EST

When creating your billing profiles, the system will automatically pull in the price listed on your fee schedule, or you can override this price and enter a billing profile-specific price.

To set up a billing profile, please refer to this [article](#).

1. Navigate to **Account > Custom Fields > Billing Profiles > Add New Profile**

**Billing Profile**

Warning: Any updates will not apply to existing appointments with this billing profile.

Profile Name  **Required**

ICD-9 Codes  Search for ICD-9 Diagnosis codes

ICD-10 Codes  Search for ICD-10 Diagnosis codes

CPT Codes  Search for CPT Procedure codes

HCPCS Codes  Search for HCPCS Procedure codes

Custom Procedures  Search for Custom Procedure codes

2. Once you enter a CPT/HCPCS or Custom code, a new option, **Override Fee Schedule** will open. Any price entered under the price column will override the fee schedule price. If the box is left empty, the fee schedule price will populate on the patient claim.
