

How do I fax a document from the iPhone?

07/08/2024 7:56 pm EDT

Within the [EHR app](#), you can fax any document stored within your EHR's patient history from your iPhone.

1. You can fax from the Patient History section of the chart, which can be accessed through the patient menu (

) in the appointment window or by searching for the patient.

2. Select the document you would like to fax from the list.
