Note: Electronic lab orders for Quest and Labcorp are not available through Health Gorilla. In order to place an electronic lab order to Quest or Labcorp, you will need to open an account with each of these labs (if you don't already have one) and then connect that account to DrChrono. Please see our article for more information on setting up those direct accounts and integrating with DrChrono. In the event that Quest or Labcorp is temporarily unavailable in your account, you are able to order labs for Quest and Labcorp via e-fax as long as you have provided your account numbers to Health Gorilla.
