

How to bulk print HCFA forms within DrChrono?

Last modified on 03/19/2026 12:28 pm EDT

To bulk print HCFA forms within DrChrono, follow the instructions listed below:

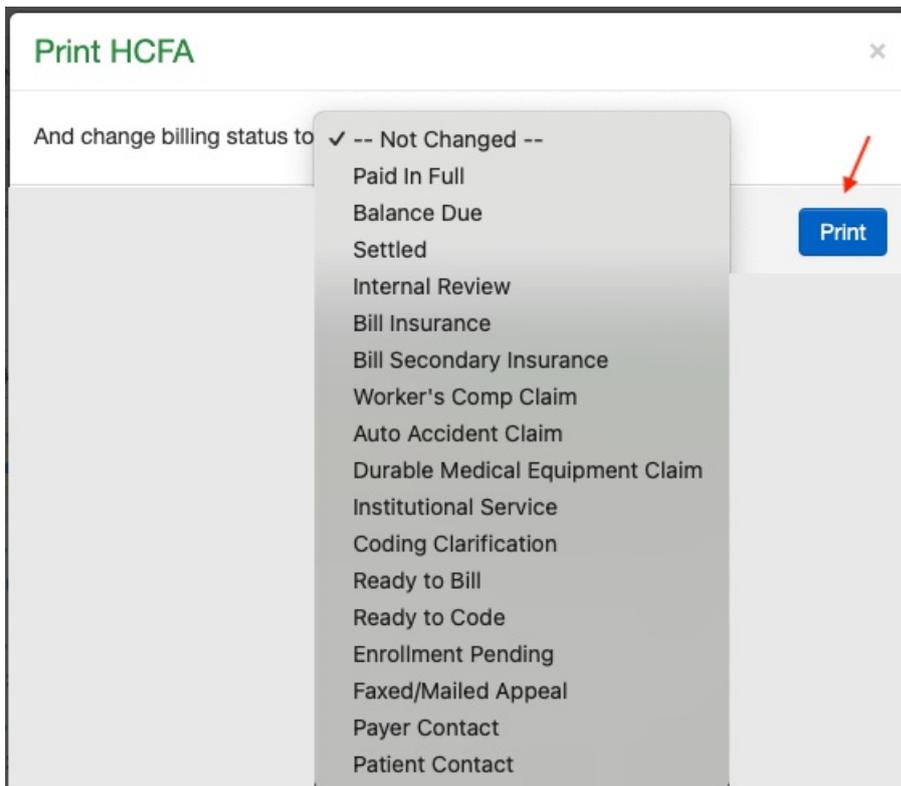

1. Navigate to **Billing > Live Claims Feed**.
2. Enter the date range or filter the claims for a specific patient for whom the HCFA forms are to be printed.

The screenshot shows the 'Live Claims Feed' interface. At the top, there are buttons for 'Select All Offices', 'Select None', and dropdown menus for 'C new office', 'Primary Office', and 'Test office', all set to 'All'. Below these are filters for 'Claim Type', 'Claim St', 'Billing St', and 'Appt Profiles', all set to 'All'. A 'Calculate Counts' button and a 'TFL Warning' checkbox are also present. The main filter area includes a 'Patient' dropdown, 'Payer Name', 'Payer ID', 'drc claim #', 'From' and 'To' date fields, and a 'Clinical Note' dropdown. At the bottom right, there are 'Check All', 'Clear', and 'Update Filter' buttons. Red arrows point to the 'Patient' dropdown, the 'From' and 'To' date fields, and the 'Update Filter' button.

3. Once the desired list of claims is filtered, select **Export to file** and select **Print HCFA** or **Print HCFA(text)**.
 - a. Note: Print HCFA should be used when you have plain white paper in your printer. Print HCFA (text) should be used when you have the red or green pre-printed HCFA paper loaded into your printer. The text option will print only the text in the appropriate boxes, without printing the box outlines.

The screenshot shows the 'Live Claims Feed' interface with the 'Export to File' dropdown menu open. The menu options are 'Print HCFA', 'Print HCFA (text)', and 'Print Superbill'. Below the menu, there is a table with columns for 'Info', 'Claim ID', 'Patient', 'Supervising Provider', 'Billing Provider', 'Billed', 'Allowed', 'Adjmt', 'Ins 1 Paid', 'Ins 2 Paid', 'Pt Paid', 'Ins Bal', 'Pt Line Item Bal', 'Claim Bal', 'Exp Reimbr', 'Ins 1 Status', and 'Ins 2 Status'. The table shows a total of \$4,800.00 for 'Billed' and 'Allowed' amounts. The 'Export to File' button is highlighted with a red arrow.

4. Select the appropriate billing status from the drop-down menu and select **Print**.

4. The HCFA forms for the list of claims displayed on the page will be exported to your message center.
