

# Where do I need {{value}} when I am building a form?

Last modified on 02/23/2026 1:46 pm EST

Before building your form, we recommend reviewing [Best Practices for Building Custom Forms](#) designed to help you make the most of the clinical notes feature.

When building a form, the {{value}} button is critical to the fields in this article. The {{value}} field renders the information you enter or select onto the clinical note.
