

# UB04 Box 53 - Noting an Assignment of Benefits on an institutional claim

09/17/2024 1:58 pm EDT

On your institutional claim, you will need to notate that you either have **(Y)** a signed assignment of benefits from the patient permitting direct payment from the payer to the provider, **(N)** if there is no signed assignment of benefits on file which will direct the payer to send payment to the patient, or **(W)** if a signed assignment of benefits is not applicable.

DrChrono makes it easy to note all three of these situations from within the patient's claim.

1. Navigate to **Billing > Live Claims Feed > Inside the patient's appointment > Right side of the screen > Insurance tab**

The screenshot displays the 'Insurance' tab in the DrChrono interface. It features two sections for 'Primary Insurer' and 'Secondary Insurer'. Each section includes input fields for 'Primary Insurer', 'Plan ID', 'Release Info', 'Subscriber', 'Ins Group', and 'Payer pre-auth #'. The 'Release Info' dropdown menu is expanded, showing 'AOB' as the selected option, which is highlighted with a red box. The 'AOB' option is also highlighted with a red box in the 'Release Info' dropdown for both the Primary and Secondary Insurer sections. The labels 'UB04 box 50a', 'UB04 box 51a', 'UB04 box 52a', 'UB04 box 53a', 'UB04 box 58a, 60a', 'UB04 box 61a - 62a', and 'UB04 box 63a' are visible next to their respective input fields. The same structure is repeated for the 'Secondary Insurer' section with labels 'UB04 box 50b', 'UB04 box 51b', 'UB04 box 52b', 'UB04 box 53b', 'UB04 box 58b, 60b', 'UB04 box 61b - 62b', and 'UB04 box 63b'.

Options from the dropdown include:

Y: Provider has a signed assignment of benefits on file

N: Provider does not have a signed assignment of benefits on file

W: A signed assignment of benefits does not apply to the claim

Box 53A is for the primary insurer; Box 53B is for the secondary insurer

	53 ASG. BEN.
	Y
	N
