

# Create Staff Member Accounts

Last modified on 01/16/2025 5:05 pm EST

Staff member accounts have the following capabilities, which can be customized based on practice needs:

- Full access to DrChrono
- Scheduling, charting, patient information, settings, profiles, and reporting
- Signing or locking clinical notes and submitting electronic prescriptions. Staff members perform these tasks on behalf of the provider to which they are assigned. Staff members cannot sign or lock clinical notes or e-prescribe using their names.
- Billing information, access to all business intelligence tools, and submitting claims

To create staff member accounts, you must have the **Manage Accounts** permissions turned on (in **Account > Staff Permissions**).

## Create a staff member account

Non-invoiced and Asclepius plan users can add three staff member accounts.

1. Select **Account > Staff Members**.
2. Select **Add Staff Member**.

Login	Name	Email	Primary Provider	Cell	Home	Emer Acs	2-Fac Sec*
camilles	Camille Staff	kprovider@blueskymedical.xyz	Kate Provider	111-222-3333		✓	Inactive <a href="#">Setup</a> <a href="#">Edit</a> <a href="#">Delete</a>

Buttons: Show inactive, + Add Staff Member

3. Fill out the text boxes.
4. Select the provider this staff member is assigned to.
5. Select a role.
6. Enter a username and password.
7. **(Optional)** Select the checkbox to turn on one of the following features (except **DrChrono App Unlock PIN**):
  - **Send daily billing report:** Staff members can receive a daily billing report by email. This option is selected by default.
  - **DrChrono App Unlock PIN:** A four-digit PIN is automatically generated to log in to the DrChrono iPad EHR and Check-In apps. You can change this PIN.

- **Restrict offices?:** Restricts a staff member to specific offices.
- **Use new dashboard?:** Staff members land on the **Dashboard** after they log in.
- **Enable Email Update:** Staff members can update their email address in **Staff Account Information**. This option is selected by default.

8. Select **Create new staff account**.

### New Office Staff

New staff accounts must be activated via an email that will be sent after creating the account.  
**Please note:** Activation link will only be valid for 3 days.

First name	<input type="text" value="Marcus"/>
Last name	<input type="text" value="Staff"/>
Primary Provider	<input style="border-bottom: 1px solid #ccc;" type="text" value="Emily Provider"/>
Role	<input style="border-bottom: 1px solid #ccc;" type="text" value="Staff"/>

  

Email address	<input type="text" value="mstaff@email.xyz"/>
Username	<input type="text" value="marcusstaff"/>
Password	<input type="password" value="....."/>
Confirm Password	<input type="password" value="....."/>
Home phone	<input type="text" value="(111) 222-2222"/>
Cell phone	<input type="text" value="(111) 333-3333"/>

  

Send daily billing report?

DrChrono App Unlock PIN

Support PIN The Support PIN will be auto generated.

Restrict offices?

Use new dashboard?

Enable Email Update  Enables/Disables the ability for the user to update their email address in the staff's Account Settings.

+ Create new staff account

A verification email is sent to the staff member's email address. The staff member will be shown as inactive until they activate their account using the email verification link.

9. Have your staff member select the email verification link to log in to their new account using the username and password you created for them.
