

Appointment Analysis: Summary tab

Last modified on 04/09/2025 2:06 pm EDT

The appointment analysis report will allow you to glean information regarding your appointments.

You can sort them by Date Range, Provider, Office, Appointment Status Group, and Displayed by (Totals or Averages)

Appointment Analysis

Summary Details

Controls

Date of Service 12/01/2023 - 11/12/2024 Provider All Office All Appt Status Group All Display by Totals

After the report parameters are set, a visual graph will populate.

Hovering in the top right corner of the bottom table will open additional options to hide +/- buttons, unpin totals for rows, and export to CSV or MS Excel.
