

Code Analysis Report: Payer tab

Last modified on 01/09/2025 8:53 am EST

The Payer tab within the Code Analysis Report will show you, by payer, the total amount billed, total allowed, total expected reimbursement (if entered under the fee schedule), and payment received, by CPT/HCPCS/Custom Code billed. By default, the top 5 codes will display, but this number can be adjusted up or down.

The screenshot shows the 'Code Analysis' interface with the 'Payer' tab selected. A red arrow points to the 'Payer' tab. Below the tabs are 'Controls' for filtering the data. The controls include dropdown menus for 'Provider Name', 'Office Name', 'Billing Code', and 'Primary ...', and a text input for 'Display Top ...' set to '5'. There is also a 'Date' input field and a 'Date Type' dropdown set to 'Date of Ser...'.

There are additional search options available to view the information provider, office name, billing code (CPT, HCPCS, and/or Custom Code), Primary Payer, Date Range, and Date Type. Each option will allow you to select one, multiple, or all in each category.

The screenshot shows the 'Code Analysis' interface with the 'Payer' tab selected. The controls are filled with values: 'Provider Name' (All), 'Office Name' (All), 'Billing Code' (All), 'Primary Insurer Name' (All), 'Display Top # of Codes' (15), 'Date' (11/01/2018 - 12/23/2024), and 'Date Type' (Date of Service). Below the controls is a table titled 'Top Codes by Payer'.
