

Patient Analysis: Summary Tab

Last modified on 01/30/2025 10:44 am EST

The summary tab of the patient analysis report shows high-level parameters related to your patient base. Several different parameters can be set to drill down to a particular provider, office, appointment type, or appointment date range.

Patient Analysis

Summary Details

Controls

Appt. Start Date: 12/01/2024 Appt. End Date: 01/08/2025 Provider Name: All Office Name: All Appointment Type: All

Parameters include:

- Appointment Start Date
- Appointment End Date
- Provider Name (Can select one, multiple, or all)
- Office Name (Can select one, multiple, or all)
- Appointment Type (Can select Billable, Rescheduled/Cancelled/No-Show, or all)

Once set, the system will show you graphs that display the information that meets the parameters selected.
