

Utilization Analysis Report: Overview

Last modified on 04/09/2025 10:33 am EDT

The Utilization Analysis report will allow you insight into appointments scheduled and billable and those that were rescheduled, canceled, or were no-shows. The information can be viewed by a date range, provider (single, multiple, or all), or office (single, multiple, or all).

Once the parameters are set, the info will be displayed in both a bar graph and chart.
