Onscreen Report

Once you select your parameters, you will see your report onscreen on the summary tab:

Exporting to CSV or Excel

You can also export the report to CSV or Excel by clicking the 3 vertical dots on the right of the screen The report will be generated and available on your device.

Resetting and/or Refreshing values

If you would like to change a control and run a different report, you can reset and/or refresh the values on each control by clicking on the three vertical dots just to the right of the control name. If you hover in the area, the three vertical dots will appear.
