Providers that currently use DrChrono patient statements now have access to an enhanced patient statement delivery system designed to improve patient engagement and reduce costs. This new multi-channel solution automatically delivers statements through a strategic sequence of communication methods—text messages, email, and physical mail—ensuring patients receive their statements as effectively and efficiently as possible.

## How It Works

The process begins by checking the patient's chart for a valid mobile/cell phone number.

- If one is found, a digital patient statement is sent via **text message**. If the patient does not open the text, the system will follow up in 2-3 days with a reminder text. A sample text message that the patient will receive is listed below. If an additional 2-3 days pass without the patient opening the text, a paper statement will be mailed to the address on file.

If a valid mobile number is not found, the system will check for an email address.

- If one is found, an electronic patient statement is sent via email. If the patient does not open the email, the system will follow up in 2-3 days with a reminder email. A sample email message that the patient will receive is listed below. If an additional 2-3 days pass without the patient opening the email, a paper statement will be mailed to the address on file.

If neither a valid mobile number nor an email is found in the patient's chart, a paper statement will be mailed to the address on file. A sample paper statement that the patient will receive is listed below.

**If the patient opens either the text or the email, the process stops, indicating that the statement has been successfully received. No paper statement will be sent.**

This layered approach ensures reliable delivery while prioritizing speed and cost-effectiveness. The process depends on the patient's chart, which must include a valid mobile phone number and email address. If the mobile phone number is missing, the process will move to an emailed statement. If the email address is missing, the process will move to a printed statement to the address on file in the patient's chart.

# Documentation in the patient's chart

To see which type of statement your patient received:

1. Navigate to the Patient's Chart
2. Select Demographics
3. Select the Balance tab
4. Scroll down to the Last Patient Statements section

If your account does not utilize DrChrono Payments, the QR code will take the patient to the OnPatient Portal.

## Seamless Payment Process

The payment link and QR code are uniquely tied to each specific statement, ensuring accuracy and security. When patients select the link or scan the code, they're directed to a secure, user-friendly payment portal powered by DrChrono Payment's trusted hosted payment technology. This familiar interface makes the payment process quick and straightforward for patients of all technical comfort levels.

## Flexible, Outcome-Based Pricing

The pricing for these enhanced statements is based on the method by which the patient ultimately receives and engages with the statement:

- **\$0.59 per statement** if the patient opens either the text or email
- **\$0.90 per statement** if a paper statement is sent

This tiered pricing structure rewards digital engagement by lowering the delivery cost while still ensuring traditional mail is used as a backup when needed, if there is no mobile number or email included on the patient's chart.

**\*\* If you are an Elite / Apollo Plus customer, the above statement costs do not apply to your account. \*\***

## Benefits for Providers

- **Cost Savings:** Reduce statement delivery costs by encouraging digital adoption.
- **Faster Payments:** Digital delivery typically results in quicker patient responses and faster collections.
- **Environmental Impact:** Minimize paper usage by leveraging digital communication first.
- **Automated Workflow:** Let the system handle the delivery sequence without staff intervention.

## Turn on/off enhanced patient statements

If you would like to turn off enhanced patient statements, it can be done by navigating to **Account > Account Settings > Medical Billing Tab > Patient Statement section**.

Unchecking the box will turn off enhanced patient statements. Please note that this option will only appear on the Primary Provider's view. Turning it off will turn off enhanced patient statements for all providers in the office.
