

# Manage User Dashboards

Last modified on 06/16/2026 7:58 pm EDT

You can reorder, show or hide, and delete user dashboards from the **Dashboard Management** side panel.

## Reorder, show/hide, or delete user dashboards

You can only reorder or show/hide practice dashboards from the **Dashboard**. To [edit](#) or [delete](#) a practice dashboard, go to the **Dashboards** page (**Account > Practice Management > General Management > Dashboards**).

You can choose which user dashboards are visible and arrange them in your preferred order.

To get started, select the gear icon  on the **Dashboard** to open the **Dashboard Management** side panel.

From there, you can:

- **Reorder dashboards:** Hover over the drag handle  (you'll see the cursor change), then select and drag to move dashboards into your preferred order.
  - Dashboards appear from left to right based on their order from top to bottom in this list.
- **Show or hide dashboards:** Select the eye icon  to show a dashboard, or the crossed-out eye  icon to hide it.
- **Delete a dashboard:** Select the trash can icon  to remove a dashboard.
