### Overview

EverHealth Scribe by CarePilot is an AI-powered documentation tool that works alongside your DrChrono system. It listens to your patient conversations and automatically creates clinical notes, saving you time and letting you focus on patient care instead of paperwork. This article will walk you through installing the Chrome extension.

### Before You Begin

Before installing EverHealth Scribe, ensure you have:

- Google Chrome web browser installed on your computer
- An active DrChrono account with login credentials

### Installing the Chrome Extension

#### Step 1: Download from Chrome Web Store

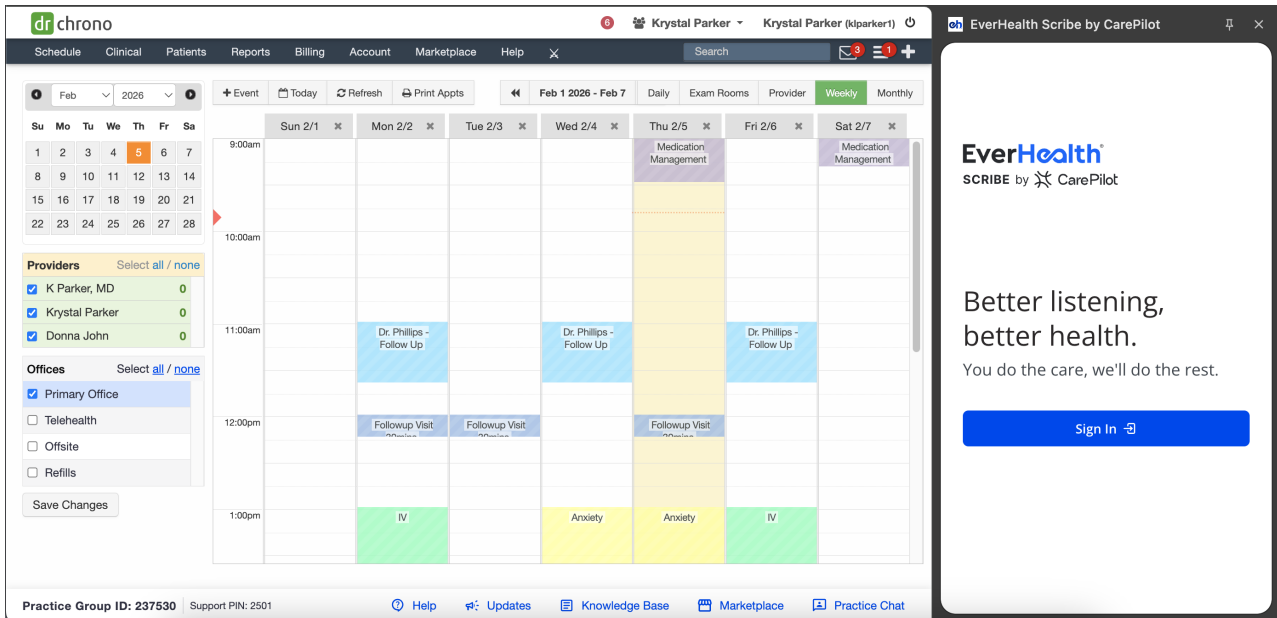

1. Open Google Chrome and navigate to the Chrome Web Store
2. Search for "EverHealth Scribe by CarePilot"
3. Click "Add to Chrome" to install the extension

#### Step 2: Locate the Extension

Once installed, you will see the EverHealth Scribe icon  in your browser's top-right toolbar.

If you don't see it immediately, click the puzzle piece icon  to view all extensions and pin EverHealth Scribe for easy access.

## First-Time Setup and Activation

The screenshot displays the DrChrono interface for Krystal Parker. The main calendar view shows appointments for the week of February 1st to 7th, 2026. The calendar is organized by time slots (9:00am to 1:00pm) and days of the week. Appointments include 'Medication Management' on Thursdays and Saturdays, 'Dr. Phillips - Follow Up' on Mondays, Wednesdays, and Fridays, 'Followup Visit' on Tuesdays and Thursdays, and 'IV' on Mondays and Fridays. The interface also shows a sidebar with filters for Providers (K Parker, MD, Krystal Parker, Donna John) and Offices (Primary Office, Telehealth, Offsite, Refills). The EverHealth Scribe by CarePilot extension is visible in the top-right corner, displaying the text 'Better listening, better health. You do the care, we'll do the rest.' and a 'Sign In' button.

## Activating Your Account

This activation process only needs to be completed once per device.

1. Navigate to DrChrono and launch the EverHealth app
2. Click "Sign In" when prompted
3. Check your email for a one-time verification code
4. Enter the code and select "Remember this device" to avoid future prompts
5. Click "Continue" to complete activation using Single Sign-On (SSO)
