

# Create Facilities

Last modified on 05/15/2026 6:36 pm EDT

You can create and set up facilities from the **Facilities** page.

## Create a facility

1. Select **Account > Practice Management > General Management > Facilities**.
2. Select **Add Facility** to open the **Add Facility** window.

Facility	Facility Code	Action
Telehealth - Home	10 - Telehealth Provided in Patient's Home	Edit Archive

3. Enter the facility's name, select the facility code, and then select **Add Facility**.

Facility Name: DC Urgent Care

Facility Code: 20 - Urgent Care

Buttons: Cancel, Add Facility

The newly set-up facility appears in the facility list.

Facility	Facility Code	Action
Telehealth - Home	10 - Telehealth Provided in Patient's Home	Edit Archive
DC Urgent Care	20 - Urgent Care	Edit Archive
