Resolutions - September (Web)

Last modified on 10/30/2026 12:37 pm EDT

This page is a complete list of bug fixes shipped in the October 2026 web release, organized by product area. For new features and enhancements, see the September 2026 Release Notes.

⚡ Platform & Reliability

- **Password changes:** Fixed an issue that prevented users whose names contain accented or other non-English characters from changing their password.

Practice Operations

- **Online scheduling widget:** You can now set 20-minute appointment intervals in the online scheduling widget instead of the widget always using 15-minute intervals.
- **Referral faxes:** Fixed an issue where sending a free referral by fax could fail with an unauthorized user error.

This changelog reflects bug fixes only. For new features and enhancements, see the October 2026 Release Notes.
